

A detailed architectural workspace scene. In the foreground, a hand in a white sleeve holds a yellow pencil, pointing at a technical floor plan on a large sheet of paper. The floor plan features various rooms, corridors, and dimensions. To the left, a portion of a white keyboard is visible, showing the 'Enter' and 'Del' keys. In the upper right, a pair of compasses and a pen lie on the surface. Below them, a pencil sketch of a building's exterior with vertical lines is visible. In the bottom right, a rolled-up blueprint is partially unrolled, showing a technical drawing with dimensions like 1950, 1250, 500, and 200, and labels like 'K.150'.

House renovation

Lamia has fully managed my project to renovate all my townhouse in Marbella. I didn't know the advantages of using an interior designer. Lamia organized everything, she draw the plans in 2D and 3D, selected good quality and luxury materials for and elegant and impressive result ! She also gave me excellent advices for saving energy. She was able to manage my project from distance with an excellent company, Marbella Renovation. Lamia found solutions to turn an old house into a perfect modern home. She realized my dream.
